BREEDER AGREEMENT:

- Both the Sire and Dam are purebred and AKC registered.
- The Breeder has exercised every practice known by ethical breeders at this time to produce sound, healthy Golden Retrievers.
- The puppy is in good health at the time of purchase. The puppy has been loved daily and properly cared for. At approximately 6 weeks of age, the puppy will be thoroughly examined by a licensed veterinarian, receive their first set of vaccinations, and be de-wormed (State of Florida requirement). Vaccination records and a health certificate will be furnished when the puppy is picked up.
- As of the signature date of this contract, both Sire and Dam have NOT been affected by cancer, epilepsy or any other known illnesses.
- The Breeder does not assume any liability for any injury or veterinarian expenses to purchased puppy once picked up by the buyer.

BUYER AGREEMENT:

Buyer agrees to have the puppy examined by a licensed and reputable Veterinarian within 5 business days of taking possession of the puppy to verify the puppy is in good, sound health. If the veterinarian finds the puppy to be at risk due to congenital defect (existing at birth), owner shall notify Breeder and provide a written statement from licensed Veterinarian describing the puppy's condition and shall return, at Buyer's expense, the puppy and registration papers to the breeder within three days of the examination. If the puppy is in the same condition mentally and physically as when originally purchased, the Breeder will give a full refund. All Veterinary bills are at the buyer's expense. This return does not include worms, fleas, mites, ticks, coccidia, giardia, mange or any other parasites as they are common in dogs and puppies. It also does not include ingestion of foreign objects, ingestion

of food or chemicals, or physical injury contracted or incurred following Buyer's receipt of puppy. For purposes of this agreement, a reputable veterinarian is one who is duly licensed by the state in which he practices and maintains an active, full-time private practice of which the care of dogs owned as pets is the most significant element of his practice.

- The Buyer agrees that this dog will be a household companion. Buyer agrees never to tie or chain the puppy out or allow the puppy to roam unsupervised. Shock collars are strongly discouraged for this breed as it can make them very skittish.
- In the event of the puppy's death, the Buyer must notify the Breeder within 36 hours.
- The puppy is to receive proper veterinary care and vaccinations for the duration of its life. The next series of puppy vaccines is due in 2-4 weeks after pickup. Please check with your veterinarian for their puppy vaccination schedule.
- The Buyer agrees to provide high-quality dog food. The puppy will be fed Acana Puppy supplemented with Goat's Milk while with the Breeder.
- **The Buyer agrees NEVER to sell/give/trade/transfer ownership of this puppy to any large commercial breeding establishment, any agent, any wholesaler, or any party not included in the original sales agreement.**
- In the event, at any future time and for any reason, the Buyer cannot keep this puppy, the Buyer should contact the Breeder and the Breeder will make arrangements to assume ownership/care of the puppy/dog.
- Buyer agrees to release and hold harmless the Breeder for any and all liability, damages, or injuries, caused either directly or indirectly by this dog to any person, whether actual or legal, or to any property, whether real or personal. Furthermore, Buyer assumes full liability for any damages or injuries, whether actual or legal, or to any property, whether real or personal, after receiving possession of this puppy.

Modification: *This agreement may be modified only by a written agreement signed by all parties. There shall be no oral modifications to this agreement.*
